Outsourced professional development with the youth experts

Improve your organisation *with* young people's insight:
led by your team; supported by Participation People.

Exclusive Training

Your team will access our full training offer and our quarterly team away days. Giving them the skills and the confidence to implement new ideas across your organisation, right from the get-go.

Supportive Coaching

Your team will access regular coaching and support from one of our highly experienced Programme Managers.

Bespoke Roadmap

Using our expertise and knowledge, we will help your team co-create a Road Map to improve how you make youth-informed decisions every time.

Testimonial

"Participation People are able to bring together a collective and diverse range of youth voices through great projects across the country. They share best practice learning and really demonstrate the importance of getting young people involved and engaged."

Youth Insight Bolt Ons

We understand that sometimes there are delays to Roadmap implementation. The following projects are designed to keep momentum and excitement high and further encourage organisational support, together.

Bolt ons

- **Reverse Mentoring** - trained and supported young people mentor your senior executive team and offer them youth insight on demand.
- **Youth Insight Training** - young people trained to co-design and co-facilitate Corporate Away Days or Training Programmes; supported by Participation People.
- **The BIG Takeover** - young people take over from senior leaders to creatively solve business challenges together; facilitated by Participation People.
